NEW BUSINESS

5. Improvements near 34th Street South & Meridian

Paul Gunzelman, Public Works, will present this request from the South YMCA regarding installing a traffic signal where the drive approach intersects with Meridian south of 33rd Street. A traffic study was conducted and it was determined that the location does meet warrants for signalization. However, a signal at this location may not provide the most benefit to the area as a whole. City staff and YMCA representatives have developed various concepts to provide an additional exit for YMCA traffic to access Meridian. One proposal is to extend the access road between Village Inn and Taco Bell west to connect to the Alford Branch Library and the YMCA. This location is the fourth leg of the intersection of 34th & Meridian and would also meet warrants for signalization. The current annual design and construction budget for new traffic signals included in the CIP is \$525,000, paid by General Obligation bonds

Recommended Action: Public Works staff recommends that the District IV Advisory Board recommend approval of the project.
